

HOUSE BILL 714

By Baum

AN ACT to amend Tennessee Code Annotated, Title 67,
Chapter 6, relative to sales and use taxes.

WHEREAS, Tennessee's merchants are Tennessee's primary tax collectors; and

WHEREAS, these merchants pay fees on sales taxes associated with card transactions;

and

WHEREAS, these fees are applied on the entire cost of the transaction including the
sales tax portion; and

WHEREAS, merchants should not have to pay fees on behalf of the State, the State
being the sole beneficiary of the sales tax portion of the transaction; and

WHEREAS, in the interest of fairness, the State should find a method to make
merchants whole without disruption of the collection and remittance of sales taxes by
merchants; and

WHEREAS, the financial principle of time value of money allows merchants to retain
sales tax payments for a period to allow merchants to reasonably recoup these fees before
remitting the sales tax collected; now, therefore,

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Tennessee Code Annotated, Title 67, Chapter 6, Part 1, is amended by
adding the following as a new section:

(a) The commissioner, in consultation with the state treasurer, shall establish a
sales tax remittance schedule that allows dealers making sales of tangible personal
property to reasonably offset the burden of transaction fees associated with the
collection of sales tax on those sales. The schedule must extend the holding time of

accumulated sales tax for a period within which dealers can reasonably recoup their transaction costs before remittance to the department. This holding time must be derived from:

(1) This state's total sales tax remittance during the previous year;

(2) The percentage of transactions conducted through credit card and debit card tender;

(3) This state's fees to its residents for credit card transactions, including service and convenience fees; and

(4) The risk-free federal funds rate as defined by the federal reserve.

(b) The commissioner shall monitor the holding time on a biannual basis for appropriateness.

(c) This section does not require the department to change its current processes or forms for collecting and remitting sales tax other than establishing an extended timeframe for remittance.

SECTION 2. This act takes effect upon becoming a law, the public welfare requiring it.
