

SENATE BILL 436

By Reeves

AN ACT to amend Tennessee Code Annotated, Title 4;
Title 53; Title 56; Title 68 and Title 71, relative to
biosimilar medicine.

WHEREAS, the legislature finds that increasing access to biosimilar medicines has the potential to significantly reduce prescription drug costs; and

WHEREAS, biosimilar medicines are approved according to the same federal food and drug administration (FDA) standards of pharmaceutical quality, safety, and efficacy as the FDA's reference medicines; and

WHEREAS, it is the intent of the legislature to eliminate barriers impeding access to biosimilar medicines and the savings biosimilar medicines can provide; now, therefore,

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Tennessee Code Annotated, Section 4-3-1013(e), is amended by adding the language "or biosimilars" at the end of the subsection.

SECTION 2. Tennessee Code Annotated, Section 56-7-3502(f)(1), is amended by deleting the subdivision and substituting:

(1) A health carrier, health benefit plan, or utilization review organization from requiring a patient to try an AB-rated generic equivalent product, interchangeable biological product, or biosimilar product prior to providing coverage for the equivalent branded prescription drug;

SECTION 3. Tennessee Code Annotated, Section 71-5-198(c), is amended by adding the language "or biosimilars" at the end of the subsection.

SECTION 4. Tennessee Code Annotated, Section 71-5-2404(a), is amended by deleting the language "including, but not limited to, efficacy, the use of generic drugs and

therapeutic equivalent drugs, and cost information related to each drug" and substituting "including efficacy; the use of generic drugs, biosimilars, and therapeutic equivalent drugs; and cost information related to each drug".

SECTION 5. This act takes effect upon becoming a law, the public welfare requiring it.
