

HOUSE JOINT RESOLUTION 795

By Terry

A RESOLUTION to celebrate "National Blood Donor Month" in the State of Tennessee.

WHEREAS, more than fifty-five years ago, the month of January was designated as "National Blood Donor Month," as an annual national observance to honor voluntary blood donors and encourage more people to donate blood at a time when blood supplies are historically low; and

WHEREAS, blood donations are the backbone of Tennessee health care, as every two seconds, someone needs a blood transfusion. Blood cannot be manufactured and is only made possible by generous donors who roll up their sleeves to help save lives; and

WHEREAS, the population of the State of Tennessee is aging, and not enough new donors are stepping up to take their place. Only about three percent of the age-eligible population donates blood, but patient needs are constant; and

WHEREAS, type O blood is often used in trauma situations, making it the most needed blood type and most likely to be in short supply during a blood emergency; and

WHEREAS, patients requiring blood transfusions include cancer patients, accident, burn, and trauma victims, newborn babies and their mothers, transplant recipients, surgery patients, chronically transfused patients suffering from sickle cell disease or thalassemia, and many more; now, therefore,

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FOURTEENTH GENERAL ASSEMBLY OF THE STATE OF TENNESSEE, THE SENATE CONCURRING, that we join in the celebration of the month of January 2026 as National Blood Donor Month in the State of Tennessee, as we recognize the lifesaving contributions of volunteer blood donors.

BE IT FURTHER RESOLVED, that an appropriate copy of this resolution be prepared for presentation with this final clause omitted from such copy and upon proper request made to the appropriate clerk, the language appearing immediately following the State seal appear without House or Senate designation.
