Internal Revenue Code (26 U.S.C. § 501(c)(3)).

(b) A faith-based organization that owns or leases a motor vehicle is deemed, by operation of law, to have state-backed secondary liability coverage when the vehicle is used for community service use, including when operated by a partner nonprofit organization.

(c) The coverage described under subsection (b) applies when:

- (1) The vehicle is used for a community service use;
- (2) The driver holds a valid driver license; and

(d) The coverage mandated under this section must:

(1) Be administered through the risk management fund, established under § 9-8-409; and

(2) Be for not less than:

(f) A partner nonprofit organization using a church-owned vehicle for community service use is a permitted user for purposes of the coverage described under subsection (b) and does not create additional liability exposure for the faith-based organization.

(g)

(1) A private insurance provider that receives an application for coverage from a faith-based organization shall not, and an insurance policy issued by the private insurance provider to a faith-based organization must not:

(A) Deny coverage solely because the vehicle for which insurance is sought is or will be operated for community service use;

(B) Exclude nonprofit organization or charitable use from coverage; or

The rules must be promulgated in accordance with the Uniform Administrative Procedures Act, compiled in Title 4, Chapter 5.

SECTION 4. If any provision of this act or the application of any provision of this act to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to that end, the provisions of this act are severable.

SECTION 5. This act takes effect July 1, 2026, the public welfare requiring it, and applies to policies issued, renewed, or amended on or after that date.
