(a) As used in this section, "classroom evacuation" means the removal of some or all students from a classroom or instructional area due to the violent, aggressive, or severely disruptive behavior of another student that creates a safety concern or substantially interrupts classroom instruction.

(b) If a classroom evacuation occurs, then the principal or the principal's designee must provide notification to the parent or legal guardian of each student who was in the classroom or instructional area at the time that the classroom evacuation occurred no later than the end of the day in which the classroom evacuation occurred.

- (2) A brief description of the general nature of the incident sufficient to explain why the classroom evacuation occurred; and
- (3) Any steps taken by the school to ensure the continued safety and supervision of students.

(d) The notification must not disclose information about the student whose conduct caused the classroom evacuation, or any other student, if the disclosure would violate the federal Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g), § 10-7-504, or any other relevant privacy law.

(e) Each school shall maintain, for each classroom evacuation, a written or electronic record of:

- (1) The date and time of the classroom evacuation;
- (2) The number of students evacuated;
- (3) The time and the manner of the parental notifications; and
- (4) The staff member responsible for issuing parental notifications.
