AMEND Senate Bill No. 883*

House Bill No. 1137

by deleting all language after the enacting clause and substituting:

SECTION 1. Tennessee Code Annotated, Section 68-221-403(m), is amended by deleting subdivision (12) and substituting:

(12)

(A) A soil scientist certified by the department may submit an application for a permit for a subsurface sewage disposal system with a capacity of less than seven hundred fifty (750) gallons per day that includes the completed application, application fee, proposed design, an appropriate intensity soils map signed by a soil scientist certified by the department, and a completed but unsigned permit for construction of the subsurface disposal system.

(B) No later than ten (10) business days after receipt of the documents required under subdivision (m)(12)(A), the department or the contract county shall review the submission and:

- (i) Approve the submission;
- (ii) Reject the submission and submit a report of deficiencies found in the submission to the soil scientist and applicant; or
- (iii) Request additional information needed to determine compliance with this part, rules promulgated pursuant to this part, and standards of the contract county that are more stringent than the standards of this part or rules promulgated pursuant to this part.

SECTION 2. This act takes effect July 1, 2025, the public welfare requiring it.
