All monies collected pursuant to this part must be deposited into the state board of sign language interpreters fund, established under § 63-33-110. All expenses incurred by the board in implementing and administering this part must be paid out of the fund; however, the board's expenses must not be in excess of the monies in the fund. These expenditures so established must be budgeted at the beginning of the fiscal year by the board, not to exceed the fees to be received by the board, including the excesses accumulated in the state board of sign language interpreters fund. The commissioner of finance and administration shall inform the board annually, in advance for budgeting purposes, of the allocation of all overhead or chargebacks to the board.

(f) Subject to approval of the comptroller of the treasury and the commissioner of finance and administration, the board may also contract for services to carry out this part.

63-33-111.

Each day of practice by the unlicensed interpreter constitutes a separate violation of this subsection (c). An agency or entity who assigns unlicensed interpreters may not bring or maintain an action to recover payment for sign language interpreting services the person performed in violation of this part.

63-33-112.

A person may file a complaint alleging a violation of this part with the board within one hundred eighty (180) calendar days of the alleged violation. The complainant may withdraw the complaint at any time. The board shall promulgate rules to create a complaint process.
