AMEND Senate Bill No. 2122*

House Bill No. 2076

by deleting all language after the enacting clause and substituting:

SECTION 1.

(a) The Tennessee advisory commission on intergovernmental relations (TACIR), in consultation with nutritional subject matter experts, shall study:

(1) The prevalence of ultra-processed foods (UPFs) and other substances, including artificial dyes and chemical additives, in food or drinks served through school nutrition programs; and

(2) The impacts that UPFs and other substances have on student health using scientific data.

(b) TACIR shall prepare a report that includes:

(1) Identification of UPFs, artificial dyes, and chemical additives provided to students through school nutrition programs;

(2) A summary of research regarding the link between UPF consumption through food or drinks served through school nutrition programs and rising rates of childhood obesity and metabolic dysfunction; and

(3) An analysis of ways to transition school nutrition programs toward whole-food alternatives.

(c) The report must be submitted to the members of the general assembly, the governor, and the legislative librarian no later than January 31, 2027.

(d) It is the legislative intent that this study must be conducted from TACIR's existing resources.

SECTION 2. This act takes effect upon becoming a law, the public welfare requiring it.
